EXPERIENCES

X2A | Software Developer (SD-1)   Full-Time | Jul 2021 – Present

- **Chat-Support**: Created a Chat-Support system by using **SendBird** service for the Customers.

  Link: Chat-Support   Send-Bird SDK | ReactJS | Tailwind CSS | Firebase

  My roles:-
  - Create **Channels** and add Members to the Channels.
  - **Send** and **Receive** Text message and Files sharing.
  - Implemented **Firebase Auth** service for user Authentication.
  - Render all **Previous Chats** and shared Files.
  - Implemented **Nested Reply** on a Message (like Whatsapp).
  - Implementation of Rich-Text-Editor for Typing Message with text bold, italac underline, clickable link.

- **Financial Reports:** Customers finances with Graphs visualization.

  Link: financial-reports   ReactJS | Re-Charts

  My roles:-
  - Created a Financial Reports page with mobile responsive where users can check their finances with **Graphs visualization,** used Re-Charts library for Graphs visualization.

SrcLogix | Full Stack Developer   Full-Time | Aug 2020 – Jul 2021

- **TokTown:** a customizable *Voice and Video chat & cloud meetings* web app using **AWS-Chime SDK**.

  Link: TokTown   AWS-Chime SDK | ReactJS | NodeJS | AWS-S3

  My roles:-
  - **Send** and **Receive** chats during the Meeting.
  - Share files in chat, Files are uploaded into a **S3 bucket**, then the link of that file is shared in chats.
  - Save all Chat logs into **MongoDB** & render all the previous chats when participants join the Meeting.
  - Implemented **typing indicator**, when participants starts typing.
  - Listing all the Participants present in the Meeting.
  - Implenented **Hand Raising** ✋ feature*.

- **TokTown Dashboard:** *Voice and Video chat & cloud meetings* management console, where admin customize and manage all the settings of the meetings.

  Link: TokTown-Dashboard   ReactJS | NodeJS | AWS-S3

  My roles:-
  - Admin can create & manage multiple Meetings & schedule Meetings, along with the settings (Enable Audio/Video recording, enable/disable Transcription, Meeting Promotional video, Meeting Logo & theme).
  - Admin can check the previous meetings summary (participants attended the meeting, chat logs, video/audio recordings & transcription).
  - Created a API for upload user profile picture, Organization Logo, Meeting Logo and Meeting Promotional video into **S3 Bucket**.

SKILLS

- JavaScript
- ReactJS
- NodeJS
- ExpressJS
- MongoDB
- Redux & Redux-Toolkit
- Tailwind-CSS
- Material UI
- Bootstrap
- AWS-S3

Familiar with

- Version Control - Git
- API Development/Integration
- MVC Architecture
- PWA

Services

- Send-Bird
- Firebase-Auth
- HubSpot

EDUCATION

BCA   2017-2020
College: George College (**MAKAUT**)
DGPA: 8.01

Higher Secondary   2015-2017
School: Islampur High School
Board: **WBCHSE**
Stream: Commerce/Computer Application
Percentage: 68 %
